---

## CAREER OBJECTIVE

Web Developer with hands-on experience in HTML, CSS, JavaScript, and React, interested in building responsive and intuitive web applications. Looking to improve my technical skills while contributing to software development projects, and always eager to learn new technologies and grow through real-world development experience.

---

## TECHNICAL SKILLS

- **Programming Languages:** PHP, JavaScript
  - **Frontend Technologies:** HTML, CSS, React
  - **Backend:** Node.js
  - **Database:** MongoDB , MySQL
  - **Tools:** Figma, VS Code
- 

## PROJECTS

### Turf Project

- Responsive web application for managing turf bookings with a simple, intuitive UI.

### Portfolio Website

- Responsive personal portfolio showcasing skills and projects.

### Travel Router with VPN Integration

- Built on Raspberry Pi + OpenWRT, enabling secure public Wi-Fi access using AES-256 VPN encryption.

### Equipment Booking System

- Web application for equipment booking with availability checking, reservations, and secure data storage.

### CIA Triad Suite

- A lightweight tool that generates hash values to verify file integrity and prevent tampering.
-
